# 3<sup>rd</sup> Party Funding - Student Finance England (SFE)

## Postgraduate students - payment deadlines:

If your studies are funded by SFE (Masters Loan), the funds will be paid directly to you. As the funding is released in line with our term dates, we have extended the payment deadline to the Friday of the beginning of each term. For the May 2026 term, your tuition fees should be paid by 29 May 2026.

Please note: if your tuition fee is not paid by the due date, you risk being compulsorily interrupted for non-payment of fees and we will also suspend your funding with SLC.

The tuition fee loan is split over the period of study. For example, if you are studying a 1-year full time course the loan will be split between the three terms in that academic year. If you are studying a 2-year part time course the loan will be split between the 6 terms over the 2-year course period.
